## Education

### D.Y. Patil College of Engineering

Bachelor of Engineering in Information Technology

Nov. 2022 – Present

CGPA - 8.36

## Experience

### Technical Team Member

Sept 2023 – April 2024

ITESA @ D.Y. Patil College of Engineering, Akurdi

Pune, Maharashtra

- Spearheaded the development of **4** engaging games and interactive websites for the department-level college technical fest, achieving participation from over **130 attendees**.
- Led a cross-functional **team of 6 members**, ensuring effective coordination and alignment with senior directives, which contributed to the event's seamless execution.
- Orchestrated event sessions by maintaining clear communication channels and efficient coordination, resulting in a well-organized event with attendee satisfaction boosting upto **35%** of last year.

### Core Technical Team Member

December 2023 – March 2024

Advait @ D.Y. Patil College of Engineering, Akurdi

Pune, Maharashtra

- Engineered and launched a dynamic website for the college TechFest, meeting design, and functionality requirements set by Technical Leads.
- Enhanced user engagement by implementing interactive features and optimizing website performance, contributing to a **20%** increase in event registrations.
- Collaborated with a cross-functional team to ensure timely delivery and integration of website components, resulting in a seamless event experience for over **500 participants**.

## Projects

### Advait Website | Typescript, CSS, Tailwind CSS, Next.js, Supabase

Jan 2024 – March 2024

- Engineered and launched a dynamic and interactive website for the college TechFest, facilitating event information, registration, and updates for over 200 attendees.
- Leveraged Next.js to develop a high-performance, SEO-friendly web application, boosting organic traffic by 30% compared to previous techfests.
- Crafted a modern and responsive user interface using HTML, CSS, and Tailwind CSS, enhancing user satisfaction by 25% based on post-event feedback surveys.
- Implemented TypeScript to improve code quality and maintainability, reducing bugs by 15% and streamlining future updates.

### Job App | Java, Spring, Springboot, JDBC, Spring Web, Spring Security, PostgreSQL

May 2024 – June 2024

- Engineered a comprehensive job application platform, streamlining job searches and hiring for over 500 users, and enhancing user experience with dynamic Spring Boot Web interfaces.
- Architected and optimized backend services using Java and Spring Boot, improving data processing efficiency and reducing query times by 25%.
- Implemented robust security measures with Spring Security and established reliable database connections with JDBC, securing authentication and data integrity.

## Technical Skills

**Languages:** Java, HTML/CSS, Tailwind CSS, SQL, Postgress

**Developer Tools:** VS Code, Eclipse, IntelliJ IDE, Maven, Docker

**Technologies/Frameworks:** GitHub, Spring 6, Spring Boot, JPA, Spring Data Rest, AOP, Security, JWT, OAuth2, Microservices, Cloud, React JS, Material UI

**Competitive Programming:** Solved 75+ questions on leetcode

## Certifications / Extracurricular

### Master Java Programming - Complete Beginner to Advanced

July 2023 – September 2023

Geeks for Geeks

- Successfully completed the 8-week course on Master Java Programming - Complete Beginner to Advanced.

### Avishkar Competition

Sept. 2023

Team Leader

D.Y. Patil College of Engineering, Akurdi

- Secured victory at the college-level Avishkar poster making competition where we had a team of 6 members.
